

## STUDENT CONDUCT MANUAL ADDENDUM

### Remote Learning Status

2020-2021

### Discipline Procedures

While Montgomery Public Schools (MPS) are working in a remote platform, parents and teachers must work together on discipline. MPS does not or cannot foresee any discipline issues, but they are possible. Each disciplinary infraction will be handled on a case by case basis. If any rules are broken, the student will not be able to participate in the remote learning environment until a parent/teacher/administrator remote conference is held. This should take place within 24 hours of the infraction.

### Excused Absences

**For absences to be excused, a parent note or doctor's excuse must be sent to the school within three (3) days of the student's return to school.**

- Excuses may be emailed or delivered to the school.
- If a student is absent three or more consecutive days, a doctor's excuse may be required.
- Parental excuses are limited to eight (8) days per school year.
- If a child is quarantined, a doctor's note is required, but the 8-day limit will not apply.
