

# Logging into an MPS Chromebook off campus

1. Turn on the Chromebook
2. Select "Add Person"
3. Connect to your home wifi
4. Then enter the student email address [sxxxxx@stu.mps-al.org](mailto:sxxxxx@stu.mps-al.org)
5. Enter the MPS network password - The student default is the 4 of the social security # twice. You will now be signed into the chromebook.

When clicking the Chrome browser, if the website comes up and says "aww snap" try going to Google.com to access the internet.

Note:

Be sure to sign out before any other users will use the device.

This device is to be used for MPS Educational Programming only. Other use may result in loss of access to the device and other possible disciplinary action.

\* If you need your s# or password to login, please contact your school by phone.
